Hook Book Collections

Hook Books Collections

The Hook Books Collections offer the best 50 or 100 titles for each grade across a wide range of reading levels. These collections are carefully curated to include the types of books every teacher needs as part of his or her classroom library to nurture the reading development of students in his/her specific grade. Because these collections are static collections, selected by ARCs collection design experts, with only one collection available per grade, we are able to offer these collections at a lower price point. Customization of these collections is possible for an additional fee.
