IRLA Starter Kit

IRLA Starter Kit

The IRLA/ENIL is the essential diagnostic and formative assessment tool that enables teachers to establish a baseline reading level and outline a course of remediation, acceleration, or maintenance for each child and his/her family. Reading Acquisition Skills Cards serve as family-friendly versions of each IRLA level, outlining the skills, standards, and habits students need to master at that level. Rotating leveled classroom libraries put authentic trade books color-coded to each IRLA level at the fingertips of teachers and students, giving each student instant access to just-right text for independent practice, coaching, and conferencing. It includes only 5 baskets of books and does not include consumables. 1 day of professional development training is included (at no cost) with the purchase of 5-20 modules. (5-20 modules include 1 day, 21-40 modules include 2 days, 41-60 modules include 3 days, etc.)
