Proposal Date:

September 18, 2018

Scope of Work:

EdTechTeam, Inc (EdTechTeam) will provide Campbell County School District (CCSD) with the following high-quality professional development sessions:

Using Google Tools to Support Project-Based Learning - 1 Day

Google tools make it easier than ever before for students to conduct in-depth research, produce high-quality work, keep a record of the process, and share their creations. This workshop will model project-based learning and demonstrate strategies and protocols that all teachers can use.

Workshop Outcomes

- Understand how to manage projects based on structure, routine and strategies.
- Construct activities to create 1:1 learning opportunities.
- Design a toolbox of ideas to put students in charge of their learning.
- Devise strategies for organizing, managing and collecting student work.
- Identify professional development opportunities to continue learning.

iPad EDU The Modern Teacher Toolkit - 1 Day

The teacher toolkit has always had the right tool at the right time to check for student understanding and guide learning. This hands-on workshop will put a digital spin on the some of the classic tools (annotation, KWL, Frayer...) with the ultimate aim of students creating media-rich artifacts of learning. We'll go beyond modernizing strategies to highlight streamlined classroom workflow strategies. You'll walk away with digital learning strategies and examples of concrete systems to manage the digital learning in your classroom.

Workshop Outcomes

- Learn simple ways to digitize existing learning strategies and checks for understanding.
- Annotation strategies for iPads.
- This workshops will highlight different ways to manage, archive and publish student work.

Level 1 Certification Bootcamp - 2 Consecutive Days

Explore the core areas of G Suite to increase professional learning and leadership; efficiency in the classroom; and student learning and creativity. We'll explore several tools in Google's Level 1 curriculum, all of which are taught within the context of meaningful use with students and teachers. Segments include the Chrome browser, search techniques, and Google Classroom... as well as Google Drive, Docs, Slides, Spreadsheets, Forms, Calendar, Sites and Groups. Gmail, Hangouts, and YouTube are also included. In addition to the tools, participants are exposed to critical student skill sets necessary for learning in an online environment.

There's no better preparation for taking the Google Certified Educator Level 1 exam than this two-day Bootcamp. Registration includes a voucher for the Level 1 exam.

EdTechTeam will provide workshop leaders, online resources for participants, and an online evaluation for the sessions. The exact agenda and layout for the days will be customized prior to the events.

Conditions:

CCSD will host the workshop in an appropriate training facility equipped with projectors, screens, and wireless Internet access. CCSD will also provide technical support and logistical support for the session.

Copyright:

Unless otherwise stated, all original materials posted on this site are licensed under the Creative Commons Attribution-Noncommercial-ShareAlike 4.0 license. Attribution is reserved by EdTechTeam, Inc. For more information on this license visit: <https://creativecommons.org/licenses/by-nc-sa/4.0/>

Compensation:

CCSD will pay **EdTechTeam** for these services at the following rates.

Component	Unit	Pricing	Total
Using Google Tools to Support Project-Based Learning	1	\$4,000 USD	\$4,000 USD
iPad EDU The Modern Teacher Toolkit	1	\$4,000 USD	\$4,000 USD
Level 1 Certification Bootcamp	2	\$7,600 USD	\$15,200 USD
TOTAL			\$23,200 USD

**This proposal must be signed and returned within two weeks of receipt. Should longer be needed, a new proposal with new pricing may be required.

These sessions are offered via "group registration." CCSD will handle individual registration and will pay EdTechTeam with a single check for all participants.

EdTechTeam will generate an invoice once the proposal is signed by both parties. Payment with a single check will be due within 30 days of the invoice date. A 1.5% per month charge will be added to all invoices that are not paid within 30 days.

Cancellation:

Services may be canceled by EdTechTeam or CCSD with or without cause upon the giving of thirty days written notice to the other party. If services are canceled by CCSD less than thirty days prior to the workshop, CCSD will be invoiced for any costs (including travel expenses) already incurred by EdTechTeam.

Changes:

Changes to this proposal may be arranged by mutual agreement in writing between EdTechTeam and CCSD.

Agreement:

This proposal may serve as a letter of agreement between EdTechTeam, Inc. and CCSD. If this proposal meets the needs of both parties, authorized representatives may sign below to signify agreement to the terms above.
